How we use your information.

The Family Centre (Deaf Children) maintains a family database with the information that you have given us on this form. We will also record any additional information you give us about your family, or that we observe, but only if we think it is relevant to the services we provide. We will record basic information about other family members, or your guests, that attend our events. We use this information to promote, plan and evaluate services - it will remain confidential and will not be shared outside our organization without your permission. If your child attends our Deaf Youth Club we will send you a separate Consent Form asking for permission to share certain information with Bristol City Council. When reporting to other funders we do not share personal information, but we are required to say how many people have used our services and we may need to give additional information such as age, which local authority they live in and whether they are deaf or hearing. If you have any concerns please contact the Centre Manager
