How we use your information.

The Family Centre (Deaf Children) maintains a database of professionals with the information that you have given us on this form. We will also record any additional information you give us, but only if we think it is relevant to the services we provide. We use your details to promote, plan and evaluate services. We may share your contact information with families that access our services, or with other professionals, but only if you have given us your permission, or the information is freely available in the public domain. All other information will remain confidential and will not be shared outside our organisation. When reporting to funders we do not share personal information, but we are required to say how many people have used our services and we may need to give additional information such as which local authority they live in and the type of role they have. If you have any concerns please contact the Centre Manager
